WHAT DOES EASTER MEAN TO ME?

By Lana Felder (written March 13, 2017)

Easter is a time
We look forward to
With new outfits for church
And Easter eggs too.

Although Easter brings joy
It also brings pain
Because that was the time
My Savior was slain.

He committed no sin
Yet was sentenced to die
He went to the cross
To save you and I.

His death on the cross
Was God's sacrifice
To forgive all my sins
And give me new life.

Jesus took my cross -
My sin and disgrace
He loved me enough
To take my place.

But then He did something
No one else could do.
He rose from the dead
He opened the tomb.

Then, He told his disciples
To share the Good News
That we are forgiven
If His free gift, we choose.

He went back to heaven
To prepare a place for me
And one day I'll see Him
And fall to my knees.

To worship my Savior
The chains of sin gone
Because of that long ago
Easter morn.

So, when I think of Easter
I think of two things
His death on the cross
And His rising again.

Easter eggs are nice
And new clothes are nice too
But they're nothing compared
To what Jesus went through.

So, as I celebrate
I remember my guilt
And I thank Him so much
